

Applicant Interviews: Can You Identify the Borderline Personality?

2008 PAEA Annual Education Forum

Grace P. Landel, PA-C, MEd
MEDEX NW Division of PA Studies
University of Washington
glandel@u.washington.edu

Stephane P. VanderMeulen, PA-C
University of Nebraska Medical Center
PA Program
svandermeulen@unmc.edu

I. Educational goals and objectives: At the end of this session, each participant should be able to:

1. Identify key interview questions for their own program
2. Share interview questions that have worked for them
3. Compile a list of possible future interview questions
4. Reconsider how the interview process works for their program

II. Reasons for using an interview process

III. Options for process

IV. Types of interview questions

V. Wrap-Up
